## Business Places Close on Saturday

### All Citizens Will Strictly Observe the Holiday and Not Monday

At a Meeting of the Business Men of the City on Friday Evening Last It Was Unanimously Decided to Observe Saturday, May 24th, Instead of Monday as Announced in the Last Issue of The Times.

## A GREATER WETASKIWIN ARCHBISHOP LEGAL ROYALLY ENTERTAINED

Real Estate Men Organize To Advertise City and District.

The real estate men of the city have organized themselves into an association for the object of uniting advertising the advantages of Wetaskiwin and the district. They realize that the advertising of this section has not been given the attention it should have received of late, and it was also felt that more could be accomplished by united efforts, than could be even attempted individually. The time is opportune for this publicity work, as natural gas is practically assured in a few weeks, and with the railway, and other developments, which are taking place here, this year the great possibilities and opportunities of Wetaskiwin should be clearly pointed out to the prospective man and woman, and the interested public at this time. As soon as the gas is struck it is felt that a boom will take place, as property is cheaper here than in any other city in the west.

### He Confirms a Large Class of Children and Preaches Eloquent Sermon.

Rev. Archibishop J. E. Legal, O. M. S. I., was magnificently entertained from the hands of the Archbishop: In fact, the Rev. Hector Miquelon, Gordon Gross, Russell Ryan, Clarence Grier, William and Vincent Hastings, Monica Hele, Agnes Kelley, Orle Miquelon, Frances Gross, Laurie Turner and Alhara Greyer. The same people were at the station and the same accompanied His Grace to the Sacred Heart Church where the congregation was numerous. Phantas and flags decorated the nice little temple, Mr. J. W. Herle was complimented for the so distinct and intelligent way in which he read the address. Besides other considerations he mentioned, how inspiring it was to Catholics to know that their children were to receive the Most Blessed Eucharist at an age when, better than at any other time, their souls were yet clean and decent abodes for the God of Purity; how they were to eat of the "angelic bread," they whom their spotless innocence renders so much "angel-like." Then he congratulated His Grace on his recent promotion. When he left "la belle France" the then Father J. E. Legal had spent sixteen years to devote himself solely to the ministry of the Black Foot. Now, after succeeding to the late saintly Bishop Grandin, he becomes the first Archbishop of the diocese of Edmonton. "Qui se humiliat exaltabitur." His Grace was very modest but most delicate at the same time in answering the address which he termed "eloquently and piously worded."

At 2.30 o'clock the school children gave a nice reception. A numerous chorus sang, "Happy Day," by Wiedman, Miss Dorothea Cowan delivered an address with grace and ease. Gordon Gross expressed very touching and thankful words to Father J. E. Legal, who had prepared the children for first Communion. Miss Katharine Katenelk presented a nice bouquet to His Grace.

Mr. T. Miquelon has the Archbishop and the accompanying priests at his home for lunch. The dinner prepared by the Ladies of the Altar Society was excellent. Miss Cormier played selections on the piano during the meal. After dinner little Bertha Hele sang and accompanied "La Ball des Insectes." Every detail of the reception was really most satisfactory. On Thursday, the 15th, at 8 o'clock here for some time, has transferred the management to B. F. Shantz, and left on Monday for Edmonton.

## Town Topics

Miss Kennedy announces she is selling off her Millinery at cost price.

The latest Millinery at cost price at Miss Kennedy's to clear. At her store near the Bankers' Block.

Studio open May 24th. This is your opportunity. Dark days as good as bright. Newest styles. F. L. Talbot

Mr. and Mrs. A. R. Knox of Exshaw are in the city this week visiting at the home of Mr. and Mrs. Tom Spencer and other friends.

The Ladies Aid of the Methodist church will hold a Bummage sale at Miss Kennedy's to clear. (Friday) which will be continued all day.

The Welling Workers of the Presbyterian church will hold a food sale and ten the first Saturday in June. The Cook Book will also be on sale.

W. H. Owen left for Edmonton Tuesday, and ten the first Saturday in June. He will not return until the end of the racing season.

They have just returned from a visit to Mr. Knox's old home at Blythe, Ont. Mr. Knox has been transferred to Killam and will assume his new duties on June 1st.

Mrs. Geo. D. Wallace is entertaining this Thursday afternoon in honor of her guest, Mrs. A. T. Mode of Edmonton. She, who is spending a few days in the city.

## COUNCIL MEETING

Big Batch of Routine Work Covered—Tenders To Be Asked for Coal—Official Test To Be Made on Engines—City To Be Cleaned Up.

The regular meeting of the city council was held on Tuesday evening with all the members present except His Worship Mayor Walker.

After the adoption of the minutes of the previous meeting, a letter was read from Mayor Sinnott of Calgary. That letter he acknowledged, stating that Wetaskiwin would co-operate in the movement. Carried.

The General Supplies Co. wrote the official test of fourteen days of the new installing engines, they were entirely satisfied to have J. S. Watson the superintendent make the test. After a lengthy discussion it was moved by Dudgeon-Gross, "That Mr. Watson be instructed to proceed and make the test at once. Carried.

The letters from Hanson Bros. and McDonald & Co. re debentures were ordered filed.

W. J. Uren, divisional superintendent of the C. P. R., wrote intimating that this city's request for a new cement walk along the station property was being taken up. Letter filed.

Mr. Uren also writes re a duplicate electric light account, and the matter was referred to the light and power committee for adjustment.

R. A. Rondebush of the Angus Theatre asked for a refund of his license as he was leaving the city. After a lengthy discussion it was moved by Wallace-Bennett "That no rebate be allowed." Carried. Ald. Wallace, Enman and Gross voted for the motion. Ald. Gothard voted against the motion, and Ald. Dudgeon declined to vote.

The auditor's report for the quarterly audit, ending March 31st, from Blythe & Baldwin, was received and filed.

The report of Dr. Stevenson, medical health officer for the month of April was then read. In discussing the report, Ald. Dudgeon wanted to know why the dance hall was closed for a time while the moving picture theatres were allowed to remain open. The doctor answered this question satisfactorily stating that he had specific reasons for closing the dance hall, which he gave to the council, but he had taken no action until he conferred with the provincial health officer, and only acted under his instructions. The report was adopted and filed.

W. Abbott asked for an increase in

city work, as natural gas is practically assured in a few weeks, and with the railway, and other developments, which are taking place here, this year the great possibilities and opportunities of Wetaskiwin should be clearly pointed out to the prospective man and woman, and the interested public at this time. As soon as the gas is struck it is felt that a boom will take place, as property is cheaper here than in any other city in the west.

Meeting adjourned.

## Look! Mr. Farmer

### ALSO APPLIES TO WPTASKIWIN DISTRICT

The Lacombe Globe has the following,  
which might also be applied to  
this district.

It is a strange thing that we value  
least what costs us least, although it  
may be capable of producing the largest  
returns. We hear of people paying  
high prices for land covered with  
heavy timber, going to the expense of  
clearing it, to a few acres of vegeta-  
bles, and then making money at it,  
while here, where the land costs but  
little, and the cost of production is  
almost nothing, very little is actually  
made growing vegetables.

The farmers of the district have  
here a sure and a safe source of re-  
venue as yet almost untapped. Po-  
tatoes, turnips, beets, carrots, etc.,  
can be produced here in such small  
cost, that it is almost unbelievable  
that so few are grown. It does not  
cost more than half as much to grow  
a bushel of any of these things as  
a bushel of oats. The only expense  
worth mentioning is the harvesting  
and marketing. If these things can  
be drawn direct from the field to the  
car, the expense is very small. Espe-  
cially in the case of farmers living  
close to a railway station the inducement  
is very great. A farmer who  
will make the effort can secure in-  
come in advance to take his entire crop  
so that he saves all unnecessary  
handling and runs no risk.

The cost of growing any of these  
vegetables, aside from the harvesting  
and marketing, is not more than five  
cents per bushel if properly managed.  
With proper appliances they can eas-  
ily be harvested for another five cents.  
The cost of marketing of course de-  
pends on the distance from the sta-  
tion, and the date of delivery. Here  
lies the whole difficulty in the  
matter—the question of storage. The  
re are practically no dealers in the  
country prepared to store vegetables  
in large quantities. Very few farm-  
ers have made provisions for storage.  
The result is that farmers do not  
care to grow more than they can  
sell in the fall, and a source of large  
revenue lies idle. It is true there is  
not always a ready sale for vegeta-  
bles even in the spring, although the  
re may be people within one hundred  
miles compelled to do without vegeta-  
bles because there is none to be had.  
The connection between the producer  
and the consumer is very imperfect.  
The dealer does not know where to  
get a supply, the consumer does not  
know where to get a market.

The remedy is simple. Let the farm-  
ers grow considerable quantities of  
vegetables and store what they do  
not readily sell in the fall. Already  
sales is probable in the spring at  
prices which mean a big profit. But if  
for any reason the proper connection  
is not found the first year for the  
sale of all the vegetables grown, the  
remainder is worth more than it cost  
to feed to stock. There can be no  
loss. What is fed pays well. What  
is sold brings a price that makes the  
farmer unwilling to feed the roots if  
he can avoid it. Farmers who grow  
quantities of vegetables every year  
will soon find ready sale for all they  
can produce.

To judge of the profit for the La-  
combe farmer, it is necessary merely  
to consider who the competitors are.  
British Columbia farmers on land  
worth from one hundred to two hun-  
dred dollars per acre, where feed is  
so dear that horse labor is almost  
out of sight and most of the work is  
done by hand. Some of the soil is so  
heavy as to be difficult to cultivate,  
and some of it so light that it must  
be irrigated. Yet, notwithstanding  
all these handicaps, the potatoes and  
other vegetables are grown and ship-  
ped over the mountains into Alberta.  
And even these fancy profits are made  
by the growers. In Southern Alberta  
semi-arid land is used for this pur-  
pose successfully. But in Lacombe  
land no other special value, the same  
with which vegetables can be grown  
and the amount of money that can be  
made thereby would be heretofore far  
and wide. But amid the multitudi-  
nous opportunities for making money  
some things that in less favored dis-  
tricts would be highly valued in ig-  
norant or despised here. There is hard-  
ly a farmer within convenient dis-  
tance of a shipping point in the dis-  
trict but might make a couple of  
hundred dollars each year in this way  
and not realize that it cost him any-  
thing while those who are in a po-  
sition to go into it on a larger scale  
have an opportunity of making very  
large sums. It will require a little  
business ability to find the market  
for very large amounts, but the de-  
mand exists and is being in part sup-  
plied from sources that cost five ti-  
mes as much to produce and market  
as it does here. Here is an addi-  
tional opening for the Lacombe farm-  
ers who care to exercise their busi-  
ness ability as well as their people.

The herd of buffalo in the park near  
Wainwright is to be divided into four  
paddocks, for the purposes of more  
scientific breeding, and one division  
of the herd will be placed in the new  
park on the G.T.P. west of Edmon-  
ton.

### COMMUNICATION

(We do not necessarily endorse the  
sentiments of this or any other  
correspondent under this heading)

To the editor of the  
Waskiwin Times.

Dear Sir—  
As the time approaches when our  
roadwork is to be done, I think it  
would be a good plan to organize  
good roads clubs in the different lo-  
calities, thus endeavoring to educate  
everybody with the necessity of good  
roads. Now, if the different commu-  
nities would come together and agree  
on spending some extra time or mon-  
ey on a certain piece of road that  
would interest them, either in cutting  
down a hill or raising a grade, or  
what in most cases will do the most  
benefit to the roads in this country is  
drainage.

In the maintaining of our roads no  
implement is more useful than the  
road drag. It must be persistently  
used, however, especially after rain,  
the drag being effective time depends  
on the quality of the road material and  
other local conditions. The mudpie  
condition is too soon, while the pul-  
verizing condition is too late. A few  
experiments in each locality will  
prove a better guide than any advice  
on paper. The frequent use of the  
drag is also effective in diverting traf-  
fic from a single track, resulting in  
a longer lived and smoother highway.  
Both in road construction and in  
maintenance water is our greatest en-  
emy, hence special efforts must be  
made to keep both ground and sur-  
face water away from the road. Any-  
one who can use tools reasonably well  
can build one of these drags at a  
cost of four dollars for labor and ma-  
terial.

The ranging of cattle on the public  
highway is a great injury to the pub-  
lic and the sooner a hard law is pas-  
sed the better for our roads.

Yours very truly  
E. R. RASMUSON.

May 17th, 1913.

### CHERRY GROVE

(Intended for last week)

Mrs. Erick of Revelstoke, B.C. ar-  
rived last Tuesday to stay with her  
parents, Mr. and Mrs. G. Erick. For  
some time, owing to her health not  
being the best, she was accompanied  
by Mrs. R. Crawford who is attend-  
ing to her for the present. We hope  
she will soon be well again. We are  
also very sorry to hear that one of  
the brightest little lads of this dis-  
trict namely Vernon Beersage was  
seriously hurt in a runaway accident  
last Saturday. He was taken to the  
hospital immediately after the acci-  
dent and is being cared for in the  
best possible way. We sincerely hope  
he will soon be around and in school  
at the head of his class which he  
has held for a long time.

Last Sunday being "Mothers Day"  
a good many turned out to attend  
the service which was being held in  
the school-house. There were several  
speeches made and a good deal of  
singing suitable to the occasion.

Mr. E. W. Johnson and family left  
for California on Wednesday where  
they will make their future home. We  
wish them success.

### REPORT OF LIVE STOCK COMMISSIONER

The work of the Live Stock Branch  
is shown to be of an entirely differ-  
ent character. In number of ways  
efforts are made to show the  
importance of the stock raisers and  
to encourage the extension and  
improvement of the live stock indus-  
try. Reference is made to a com-  
prehensive investigation of the market  
conditions affecting wool and mutton  
carried on by a commission. To im-  
prove the light horse stock of the  
country horses are paid to owners  
of thoroughbred stallions used for  
service. To assist dairy farmers in  
ascertaining where high producing  
breeding stock may be secured  
and to encourage the stock raisers  
and to encourage the extension and  
improvement of the live stock indus-  
try. Reference is made to a com-  
prehensive investigation of the market  
conditions affecting wool and mutton  
carried on by a commission. To im-  
prove the light horse stock of the  
country horses are paid to owners  
of thoroughbred stallions used for  
service. To assist dairy farmers in  
ascertaining where high producing  
breeding stock may be secured  
and to encourage the stock raisers  
and to encourage the extension and  
improvement of the live stock indus-  
try.

In addition to the report of the  
Veterinary Director General and Live  
Stock Commissioner, the volume  
which contains almost 300 pages in-  
cludes many illustrations, embody-  
ing 24 appendices including reports of  
officers and a number of publications  
that have appeared as separate works  
including Report on the market  
of performance, Bulletin, No. 15 of  
the Live Stock Branch of the Report  
of the National Convention of the  
National Live Stock Association, the  
Report of the National Record Com-  
mittee, and others. The selling price  
of this blue book is fixed at forty  
cents, but provision has been made  
for supplying copies free to those who  
apply for them to the Chief Officer of  
the Publications Branch of the De-  
partment of Agriculture at Ottawa.

R. L. Rushton of Camrose, has been  
appointed official starter for the West  
end Fair and Racing Circuit at North  
and South Battleford, Prince Albert  
and Saskatoon, for both spring and  
summer meets.

### MAYOR SPENNER ELECTED IN MEDICINE HAT

Medicine Hat, May 15.—At a late  
late hour Saturday night the judicial  
result of the ballots cast in the Hat  
constituency in the recent election  
was completed and Judge Carpenter  
announced Mayor Spenner elected over  
Hon. C. R. Mitchell by 20 majority.  
It is rumored that George Lane will  
resign in Little Bow in favor of Mr.  
Mitchell.

### ELECTRICAL AUCTIONEER

Auction sales are accompanied by a  
great deal of noise, and in order to  
do away with this an electrical meth-  
od has appeared in Holland which  
seems quite promising, and the sales  
are now carried on almost in silence.  
It is now applied to selling eggs by  
auction, according to the custom  
which prevails in the agricultural cen-  
tres throughout the country in the  
weekly markets. Eggs are auction-  
ed off in 2,500 lots, and on the new  
plan each bidder has a numbered seat  
with a push button and wiring. The  
seller is stationed in front of a large  
displaying prices ranged around it  
from lowest to highest. There is also  
a large board containing light num-  
bers which can be electrically lighted,  
and they are connected to the seats.  
After the proper announcement of the  
lot of eggs to be sold, the light num-  
bers are turned on to quality and weight,  
the seller starts the hand slowly moving  
around the dial. When at any figure,  
the buyer presses his button and the  
corresponding figure on board lights  
up, and his number is registered by an  
annunciator. As the hand moves on,  
the next bidder can register a  
higher number, and so on until the  
bidding is finished. The method is  
said to work very well, and no doubt  
can be applied to all kinds of auc-  
tion sales.

The plans accepted for the Mormon  
temple to be erected at Carleton Place  
summer call for an outlay of \$250,000.

### THOUSANDS OF PEOPLE SUFFER UNTOLD AGONY FROM Dyspepsia.

It is one of the most prevalent troubles  
of civilized life, and the poor suffer-  
ing man even enjoys a moment of relief  
after effects, for nearly every thing that  
enters a weak dyspeptic stomach is  
an irritant. Burdock Blood Bitters will  
regulate the stomach, stimulate secre-  
tion of bile, salivary, and gastric juice to  
facilitate digestion, remove acidity, and  
tone up the entire system.

Mr. Dennis Robert, St. Boniface,  
Man., writes: "I have used Burdock  
Blood Bitters with great success, for  
my indigestion and sour stomach. I  
was terribly troubled with my stomach  
for months, and spent a lot of money  
without getting any relief, until I hap-  
pened to see about a woman using it,  
and her trouble seemed the same as  
mine. I tried one bottle, and was so  
much relieved, I bought five more, and  
have taken them, and I now can eat any-  
thing I wish."

## "I ATTRIBUTE MY CURE SOLELY And Entirely To Taking "Fruit-a-lives"

FULL, QUE., Dec. 24th, 1909  
For the past twelve years, I had  
painful attacks of Dyspepsia. I could  
not digest my food, and everything  
caused me much agonizing pain in my  
stomach. I also had a fearful attack of  
Constipation and at times, I had no  
movement of the bowels for two weeks.  
Three doctors attended me for two  
years and gave me all kinds of medicine  
but did me no good. My weight came  
to only 85 pounds and everyone thought  
I was going to die. Finally, I had the  
good fortune to try "Fruit-a-lives" and  
as soon as I began to take them, I felt  
better. I persisted in the treatment and  
to my great joy, I steadily improved.  
Now I feel very well, weigh 115  
pounds, and this is more than I ever  
weighed before owing my illness.  
I attribute my cure solely and entirely  
to "Fruit-a-lives" and can never praise  
them too much for saving my life. To  
all who suffer from Dyspepsia and Con-  
stipation, I recommend "Fruit-a-lives" as  
a marvellous remedy.

Nice, ANDREW STAFFORD,  
500 a box, 6 for \$2.50, trial size 25c.

# DR. PRICE'S Cream BAKING POWDER

Pure, Healthful, Dependable

Its active principle solely grape acid and baking soda. It makes the food more delicious and wholesome.

The low priced, low grade powders put alum or lime phosphates in the food.

Ask Your Doctor About That

## ONE OF THE WORST CASES ON RECORD

One of the worst cases of cruelty to animals was heard at the police court here on Monday before Justices of the Peace McLean and Shantz. The parties guilty of the crime were Ben Allen and Mike Lanning. It appears that these men had been drinking in the city and after procuring a bottle proceeded on their way westward. When they reached a bad spot on the road about six miles west, one of the horses became mired. After shamefully beating the beast they left it in the

hole all night, and next morning procured a logging chain, which they fastened around the body and proceeded to pull it out. After breaking the stifle joint, and otherwise ill-treating the beast, they abandoned it to die. Information was laid against the parties, and they were found guilty. Allen, who was in charge of the outfit, was sentenced to three months hard labour at the Fort, and Lanning, who was only a passenger, was sentenced to two weeks. The magistrates in summing up the cases, said this was one of the worst instances on record of cruelty to animals.

## DR. GREEN vs CITY OF WETASKIWIN

This was an action to recover from the City the sum of \$10.00 for work done. The City had a counter claim against the plaintiff for \$14.58 being income tax for the year 1910 and interest.

It only took Judge Lees about three minutes to decide that the City's claim was good and gave judgment accordingly with costs against the plaintiff.

It would appear that the Council is taking up the matter of the collection of arrears on Income and Personal taxes very vigorously as they feel that it would be an injustice to those who have already paid these taxes that a few delinquents should be allowed to evade their responsibilities.

## U.S. FARMERS, RUINED BY FLOODS, PLAN TO COME INTO CANADIAN WEST BY 1900

Thousands of Ohio and Indiana farmers are planning to leave the flooded belts of those states and start life anew in the Canadian Northwest according to Allan Cameron, general superintendent of lands for the C.P.R. who returned to Calgary yesterday after a three weeks' tour of the central section of the United States.

Mr. Cameron, during his tour, visited the principal C.P.R. land and immigration offices in the United States and thoroughly investigated conditions in the sections recently inundated by the spring floods. Conditions in the vicinity of Dayton where the flood struck Ohio the hardest, are such that farmers have little hope of ever being able to feel secure during the spring freshets, according to the C.P.R. official, and these men, not wishing to face the yearly rush of the rivers are looking around for new homes.

## SHEEP BREEDERS OF ALBERTA WILL PROFIT IF UNDERWOOD TARIFF BECOMES A LAW

Lethbridge, May 19.—Mr. R. C. Harvey, president of the Southern Alberta Wool Growers' association, has just finished lambing a herd of some four thousand ewes on Chin Coulee and reports an increase of 92 per cent, or approximately 2,700 lambs which are much bigger and stronger than usual. The sheepmen, in spite of the severe storms have managed to finish lambing season with practically no loss.

In regard to the Underwood wool tariff bill which is now before the United States congress, Mr. Harvey said "The sheepmen of southern Alberta will profit immeasurably if the bill passes the senate, but I doubt if it will affect our 1913 clip. I have not seen any American buyers in the country as yet, but they are bound to come if the bill passes. Our clip this year is about six weeks.

## CONSOLIDATED SCHOOLS

The lure of matrimony and the glitter of gold to be picked up in other more remunerative occupations involve a constant drain upon the ranks of the teaching profession in Alberta, which amounts to annually about 15 per cent, of the total number of teachers employed.

In addition new schools are opened at the rate of almost one per day, which means that besides the 15 per cent which has to be made up, additions to the school staffs of the province amounting to an increase of 30 per cent of the total must be supplied. At the lowest estimate, Alberta requires at least 600 new teachers annually, in addition to those trained in Alberta. To staff schools already existing, 2,500 teachers are regularly employed winter and summer, while in some districts the schools are open during only part of the year. To meet the constantly growing demand for teachers, the education department is extending the normal schools of the province and providing special short courses to fit teachers from other provinces and also from Great Britain and America, to teach in the Alberta schools, but last year Alberta trained teachers amounted to scarcely 30 per cent, of the new teachers to whom teachers' certificates were granted.

One of the ways in which the difficulty may be met is by the consolidated schools which are being established under the provisions of the schools act amendments, passed at the last session of the legislature and by which small school districts may be merged, thus allowing the larger schools and graded classes, the provincial government making grants to the schools districts toward the cost of conveying the children to the central school.

A great deal of interest is being shown in the act, and requests are being made to the department to visit school districts and explain the method of procedure. It is expected that by July a considerable number of consolidated school districts have to be formed.

## The Full Value of Coal

You will never derive the full value of the  
money you pay for coal unless your stove is con-  
trolled by the Gurney-Economizer. It actually  
saves 1 ton of coal in every 6 you would ordinarily  
burn in other ranges.

It also assures a thorough, steady, even heat  
throughout the entire stove. There is no waste  
heat going up the chimney.

The Economizer makes sure that the purpose  
for which fuel is being burnt is carried out.

The Gurney-Economizer is a simple device that  
requires just a light pressure on the lever to result  
in a consistently heated oven—the secret of suc-  
cessful baking.

No sane person can afford to ignore this saving  
in coal bills, so make sure that your new range  
has an Economizer.

The Gurney-Oxford is equipped with other  
exclusive devices, the Divided Flue, the New  
Special grate, and the Broiler attachment.

It also is made with a perfectly smooth polished  
top which forever requires no black lead.

There are no crevices where dirt may lodge  
—above all it is sanitary.

No intelligent housekeeper to-day can afford to  
ignore the benefits which science has brought to  
her through the Gurney-Oxford.

Geo. D. Wallace

## Sunday School Lesson

By EVANGELINE

### "CONSCIENCE DOETH MAKE COW- ARDS"

May 25th. Gen. 43: 18, 19, 23-34

Golden Text.—"He that loveth his  
brother abideth in the light."  
Nine brothers had returned to Je-  
hoshaphat, Simon having been left as a  
hostage for their return with Benjamin.

On opening their sacks of grain  
which they brought back with them  
they were greatly disturbed at find-  
ing their purchase money. Their ex-  
planation with regard to the absence  
of Simon was the ground for the ac-  
cused father the grain he had given to  
be saved by his children. "Joseph is not  
and Simon is not, and yet will take  
Benjamin away."

Reuben swore that he would bring  
Benjamin safely back, but Jacob  
stoutly declared—"My son shall not  
go down with you."

A crisis was reached when the sacks  
were again empty and Jacob per-  
sisted in his refusal to allow Benja-  
min to go, and when the sons refused  
to go without Benjamin. For weeks  
the matter was debated in family  
councils until, at last, through dire  
necessity, yielded.

With sufficient funds to cover  
the two grain accounts and with gifts  
of linen, honey, spices, myrrh and nuts,  
they started on their journey.

Roberts Bird gives us a pen picture  
of them "mounted on strong camels,  
their camel bells tinkling, and tan-  
tals of yellow and blue shaking in  
the wind, and followed by a string  
of asses with empty corn sacks, the  
riders slowly across the hot desert to  
the gate of Migdol, in the great Eg-  
yptian wall. Again they saw the  
broad blue Nile as they went along  
the bank until they were opposite to  
the island where they were terrified  
out to the city."

The camels knelt in the wide market-  
place where Joseph was sold as a  
slave twenty years before, to wait  
while one of the brothers went to  
the government house to give to the  
doorkeeper a message for the great  
Zaphnath-paaneah that the ten shop-  
holders of Canaan had returned with  
their brother.

After waiting a time they got word  
that the Viceroy would see them.  
Putting his black wig down over  
his brow, he ordered them to be  
brought in; and as they came knock-  
ing, before him, it was not upon the  
older brothers, but upon Benjamin  
with his ruddy cheeks that lit his  
searching eyes. His brother had  
grown so much that he could hardly  
recognize the little boy who used to  
run about the camp holding his hand  
as he took him to see the lambs,  
and the kids, and the chickens.

"Take these men to my house. I  
shall dine with them at mid-day,"  
was all he said. The brothers were  
amazed when this order was explain-  
ed. And when the gates of the court-  
yard closed behind them, they be-  
lieved they were prisoners again, and  
had done so on the stone pavement to sigh  
and mourn.

At mid-day there came a loud  
knocking at the gate and the red-an-  
dred eunuch of the great Egyptian  
strove in, and soon they were sum-  
moned to stand before him. With  
their simple presents in their hands,  
they went through the garden into  
his beautiful house and kneeling, laid  
them at his feet.

"Is your father well?" the great  
man asked in a kind voice. "The  
old man of whom you spoke; is he  
still alive?"

"My servant, our father, is still  
alive and in good health," they an-  
swered humbly.

"Is this your younger brother, of  
whom you spoke?" he asked, speak-  
ing as though he did not know one  
from the other.

Benjamin answered with a low bow,  
and Joseph added, "May the Lord be  
gracious unto thee, my son!"

When Benjamin looked up at him  
Joseph felt the tears coming into  
his eyes, and rising suddenly from  
the eunuch, to the surprise of the men,  
he hurriedly laid the hall. They did  
not know why. But if they had seen  
him in his own room weeping like a  
child for very joy, they would have  
been more astonished still.

The dinner came, and the ten bro-  
thers were surprised when the Egyp-  
tian ruler arranged them at the  
table all in order of their ages; and  
yet they did not suspect who he was  
the best place of the food to each  
of his brothers, giving Benjamin five  
times as much as he gave to the  
others. Still they suspected nothing.  
The slaves put wreaths of blue con-  
volvulus and red poppies around  
their necks, and kept their plates well  
supplied.

Next morning they were sent home  
with their asses laden  
with corn sacks; they were glad to  
get away so quickly, and wondered  
why the great Egyptian was so kind  
to them, but even yet they suspected  
nothing.

Such is the story. The moral  
which adorns the tale may be found  
all wrapped up in the first verse—

And the men were afraid because  
they were brought to Joseph's  
house."

They were beginning to learn the  
great lesson which needs fuller recog-  
nition in our day that conscience is  
not a servant that can be dismissed  
and summoned at the will or choice  
of its possessor.

"They were afraid" and well they  
might be. They had to all intents  
and purposes killed their brother,  
and they were brought to the feet of  
the Saviour we stand com-  
pelled before God as accomplices in  
the tragedy of all eternity.

The day is surely coming when that  
crime of crimes shall be laid at the  
door of every unrepentant sinner,  
when they shall look in vain for so-  
meone to defend their case—when they  
shall appeal. "Not guilty, not guilty,"  
been present at the time, nor having  
taken any part in the execution of  
the deed."

If evidence will not be accepted in  
the Supreme Court.  
Though ten pairs of hands did not  
participate in casting the younger  
brother into the pit, ten hearts de-  
spised and rejected him, and ten men  
were responsible for the crime.

The summons will come sooner or  
later to the man who reads this page  
to appear and answer that charge to  
be brought against every man.  
Are you guilty or not guilty of the  
death of the Saviour of the World—  
The Revealer of the Secret of Life?  
Have you rejected Him or been re-  
conciled to Him?

God pity you if through all eter-  
nity terror and remorse be your  
doom!

### CROP CONDITIONS THROUGHOUT CANADA

Ottawa, May 14th. A Bulletin is-  
sued to-day by the Dominion and Sta-  
tistics Office reports the condition of  
crops and live stock on April 30 as  
reported by agricultural correspond-  
ents throughout Canada.

It is estimated that in Ontario  
about 18 per cent of the area sown  
about 43.5 per cent of the area sown  
to wheat last fall have been winter-  
killed. These percentages represent the  
total area of the province. The per-  
centage of winter-killed wheat is  
estimated at 261,000 acres from the  
total area sown to wheat last fall, viz.,  
1,088,500 acres; so that the area re-  
quired to be harvested is now 825,  
500 acres.

The condition of fall wheat on April  
30 was in Ontario 83.4 per cent and  
in Alberta 76 per cent of a standard  
representing the greater part of the  
crop, the corresponding percentage of  
the same date last year being 71.2  
for Ontario and 76.8 for Alberta. For  
all Canada the condition on April  
30 of this year was 82 per cent  
of a standard representing the pro-  
portion of a full crop, or 101 per cent  
of the average yield of the past four  
years. Last year at the same date  
the corresponding figures were only  
64.6 per cent of the full crop stand-  
ard and 87 per cent of the average  
of spring seedling has made good pro-  
gress throughout the greater part of  
Canada, and was much further ad-  
vanced at the end of April than it  
was on the same date last year. In  
the Maritime provinces seedling does  
not begin until May, but the weather  
was favorable and the indications  
were for an early spring. In Quebec  
there was also the prospect of an ear-  
ly season and about 12 per cent of  
the total seedling was completed by  
April 30. In Ontario conditions were  
more variable, but 46 per cent of the  
total seedling was reported as finished  
in Manitoba and Saskatchewan over  
50 per cent and in Alberta about 75  
per cent of spring wheat had been  
sown during the favourable weather  
of April. In Saskatchewan there is  
an apparent tendency to sow less  
wheat and devote more attention to  
dairying and mixed farming. For  
Quebec, Ontario and the three North-  
west provinces the proportion of seed-  
ling completed on April 30 was for  
wheat 43 per cent, for oats 20.5 per  
cent, for barley 17.7 per cent and for  
all crops 24.7 per cent.

About 12 per cent of the area in  
hay and clover meadows is reported  
to have been winter-killed; but the  
percentage of the area in which crops  
at the end of April was 89.6 per cent  
as compared with 74.6 per cent last  
year.

The condition of live stock remains  
generally satisfactory being for all  
Canada over 90 per cent of a stand-  
ard representing a healthy and thrif-  
ty condition.

ARCHIBALD BLUPE,

Chief Officer

Edward, Neb., May 14.—A tornado  
which took a toll of ten lives, injured  
thirty odd persons and destroyed more  
than a third of the town, came, sud-  
denly before six o'clock this after-  
noon. Twenty-two residences including  
several of the best, were destroyed  
and many more were partly wrecked.  
The business portion of the city and  
did not suffer greatly.

### WORK AT OTTAWA FOR THE LIVE STOCK INDUSTRY

For a number of years until a few  
months ago, the work of the Live  
Stock and Health of Animals Branch  
of the Department of Agriculture  
at Ottawa was carried on under one  
head. The work embraced a very  
extensive field, involving an expendi-  
ture of a sum annually of considera-  
bly more than half a million of dol-  
lars.

According to the annual report of  
the united branches for the year end-  
ing March 31st 1912 just issued, three  
more or less is in operation to pro-  
tect the live stock of the country  
from disease not only guarding ag-  
ainst its introduction from abroad  
but by preventing the spread of in-  
fection already existing among Cana-  
dian herds and flocks. In this di-  
vision regulations are enforced to  
deal with such diseases as hog  
cholera, tuberculosis, glanders, dour-  
the-mange, anthrax, sheep scab, and  
rabies, any of which uncontrolled  
might cause very serious losses to the  
farming industry.

The meat inspection division seeks  
by wise regulations, carried out by  
an extensive, well trained staff to pre-  
vent the introduction of disease unwhol-  
some meats from being sent from one  
province to another or out of the  
country. It also compels operators of  
food canning establishments to main-  
tain their factories in a sanitary con-  
dition and to put up only sound  
goods. During the year reported it  
is shown that 4,151 carcasses of cat-  
tle, 241 of sheep, and 2,832 of hogs  
as well as many portions of carcasses  
and 12,702 lbs of poultry were con-  
demned. The report names the  
disease and condition responsible for  
these losses.

Toronto, May 12.—A reduction in  
express rates in the west has been or-  
dered by the Dominion railway com-  
mission, to go into effect on July 15.

It will mean the loss of \$250,000 to  
the Dominion Express company, or  
55.35 per cent of their net revenue or  
approximately 20 per cent of their  
net revenue and a corresponding am-  
ount so far as the other companies  
are concerned. This reduction is the  
result of an analysis of actual business  
done on a certain day and is there-  
fore not confined to what is known as  
merchandise of high line rates. In  
other words, it applies to the trans-  
portation of all goods carried under  
a graduated table of charges or dif-  
ferent scales of special rates.

The first essential of successful ad-  
vertisement, and one which is entirely  
independent of the nature of the busi-  
ness to be advertised is repetition.  
Single insertions at long intervals  
are very little use. Your public must  
be constantly reminded that you are  
there, and that you have got some-  
thing to sell. Their attention must  
be drawn continually to your name,  
and riveted there by some offer that  
will appeal to those instincts for a  
bargain which are common to the  
bulk of humanity. Your aim must be  
to awake in your prospective custom-  
ers a desire to buy things of which  
they may not be immediately need,  
to get them to your store even at the  
expense of cut prices, and, having  
done so, to make a point of seeing  
that the services accorded to the cus-  
tomers of such a nature as to ensure their  
return.—The Commercial.

MINISTER PRAISES 'ZAM-BUK'  
Tells How It Cured His Wife's Bad  
Sore

When everything else had failed

Rev. Henry J. Munton, of Blain-  
ville, Alta., writes: "My wife had a  
very bad sore foot, which it seemed  
impossible to get anything to heal.  
The sore could heal to a certain  
point and then faster again, and so  
on. I procured a box of Zam-Buk,  
and after persevering with this herba-  
l remedy for some time the sore was com-  
pletely healed."  
"We were so grateful for this cure  
and any of the numerous remedies  
we had tried that I thought you  
ought to know this cure."  
Since recommended Zam-Buk to sev-  
eral of my parishioners, and it always  
gives satisfaction."

At the time in which Zam-Buk  
proved of unequalled value is told  
by Mr. N. L. Gerry of Brandon, Man.  
He says: "I had my left foot run  
over by a wagon loaded with wheat.  
The foot was very badly crushed, and  
my little toe and the next toe were  
laid open. I applied Zam-Buk, and  
only had to miss work for two days.  
Zam-Buk healed my wound so quickly  
that on the third day I was able to  
put on my boot and walk to my  
work. In a very short time my toes  
were quite healed, and the foot was  
now sound as ever, thanks to Zam  
Buk."

Just as good for chronic sores, ul-  
cers, piles, blood poison, burns, scalds,  
ruptures, eczema, and all skin in-  
juries and diseases, 50c. box at all drug-  
gists and stores, or Zam-Buk Co.,  
St. Paul, Minn. Try Zam-Buk Soap, too,  
50c. per tablet.

Never apologize for needing a shave—get a  
Gillette and have one every morning. The  
**Gillette Safety Razor**  
makes shaving  
so easy that you never feel like putting  
it off—  
so quick that you can always spare the  
time (it takes but three minutes)—

## 25 Cents to Stop that Itch

Does it not seem strange that so  
many people suffer year in and year  
out with eczema?  
A 25 cent bottle of a simple wash  
stops the itch and will surely convin-  
ce any patient.  
This wash is composed of mild and  
soothing oil of wintergreen mixed  
with thymol and glycerine, etc., and  
is known as D.D.D. Prescription. Use  
it as directed.

1st, one bay mare black points no visible brand, and about two years old.  
2nd, one light bay mare, white face, branded L. E. on right thigh, about two years old.  
The above mentioned horses were found astray, on Court House Street in Wetaskiwin.  
Signed J. T. COWAN,  
Assistant Pound Keeper. 6-3t.

**COULD NOT LET ANYONE TALK TO HER**  
**SHE WAS SO NERVOUS.**  
Diseases of the nervous system are very common. All the organs of the body may be sound while the nervous system is all upset, on account of the troubles and worry which fall to the lot of one who has to look after the trouble incident to housekeeping, and when the nervous become unstrung the heart is also affected.  
In Milburn's Heart and Nerve Pills is combined a treatment that will cure all forms of nervous disorder as well as act on the heart itself, and for this reason we would highly recommend them to all run down women.  
Mrs. Wm. Smith, Terra Nova, Ont., writes:—“I wish to tell you that I have used Milburn's Heart and Nerve Pills. I was so nervous I could hardly let anyone talk to me until a neighbour told me to try your Milburn's Heart and Nerve Pills. I got three boxes, and did not have to get any more as they completely cured my nervous system.”  
Milburn's Heart and Nerve Pills are sold at all dealers, or mailed direct on receipt of price, 50 cents per box, 3 boxes for \$1.50.  
The T. Milburn Co., Limited, Toronto Ont.  
**FOR SALE BY H. L. HIGGS**

## Town Topics

Col. Young was arrested on Monday, on the charge of non-support of his wife and was taken to Edmonton that evening by Sergt. Michel. On the following morning he was fined \$5.00 and costs.

Mrs. J. H. Knight and Mrs. T. Hook are in Red Deer, this week attending the First Annual Convention of the W.C.T.U. of Alberta Central District. A full account of this convention will appear next.

A meeting of all those interested in the reorganization of the Wetaskiwin Gun Club will be held in the council chamber on Monday evening next at 7.45 sharp. Everybody interested in shooting is urged to attend.

The Scandinavian Hospital Aid, which through the Wetaskiwin Times, has extended to all that contributed to the sale, a hearty thanks and appreciation and to Mr. T. J. for his service as auctioneer.

The Ladies Aid of the Norwegian Lutheran Church will serve dinner and supper on Saturday May 31st, in the building formerly occupied by Aspiros. In the evening there will be sale on both fancy and useful articles. 8-3

J. F. Ellis left on Monday evening for his old home at Ottawa. He is a delegate to the Presbyterian Assembly which meets in Toronto on June 14th, and will visit different parts of the east before his return.

Claude Hughes purposes leaving in a few days on a three months' vacation. He has his home in London, Eng. He sailed from New York on June 14th, and his many friends join in wishing him a bon voyage and a safe return.

Geo. Drant, was charged in the district court on Tuesday with assaulting his wife, and threatening to shoot her at their home in Cadogan. He pleaded guilty and was let out on suspended sentence, and bound over to keep the peace for six months.

A. H. Lindo, Esq., who is an examiner for the Associated Boards of the Royal Academy of Music and the Royal College of Music will make an official visit to Wetaskiwin on Monday next, for the purpose of examining the pupils of Miss Florence Kelley and Mr. Claude Hughes.

Another enthusiastic baseball meeting was held on Monday evening at the City hall, when rules governing the newly-organized city league were adopted, and other important business was transacted. All clubs entering the league must leave their entries with the secretary by Saturday night of this week. It is expected that the opening game of the league will be played on Tuesday evening.

The China opening at the Banner Store on Wednesday was a grand success. Nearly three hundred ladies of the city availed themselves of the opportunity of getting one of the handsome roses which were given away. Many expressed their surprise and satisfaction at finding such a large lot of roses at such a low price, and varied stock of the best lines of china, including Royal Crown Derby, in the city.

The Liberals of the city are tendering a complimentary banquet to Chas. H. Ellis, M.P.P., on Wednesday evening next, at the Argonauts Hall. It is expected that several of the members of parliament, including cabinet ministers, will be present. The affair promises to be most successful, as every care is being taken in making the arrangements. All Liberals of the city are requested to attend to join in the celebration of the recent victory.

Although spring opened somewhat later than usual, seeding is about as far on as usual at this date. A considerable number of farmers report all their wheat and oats sowed. The land is in splendid shape except that some low spots are rather soft as a result of the wet fall. There is a much larger acreage reported than was ever before put in in this district, and the quality of the seed and the condition of the soil promise a very large crop.

The Alberta Musical Festival commences next Tuesday morning in Edmonton, and as on former occasions the Wetaskiwin competitors will be to the fore. The Ladies Branch of the Amalgamated Choir is working very hard to win the coveted trophy, and are sure to make a good showing, if they do not succeed in their object.

Winning first. The members of the choir are: First sopranos — Mrs. Herron, Miss Hirtle, Miss Smith, Mrs. Longmeyer, Miss West, Miss Macdonald, Miss Davidson, Miss Davidson and Miss Hoare. Second sopranos — Misses Spencer, Hammy, Finch, H. C. and Chandler and Harrison. Alto — Misses Box, Williams, West, B. D. Anderson, and Misses Redden and Mildred Chandler. Accompanist, Miss H. E. Kelley. Conductor, Claude Hughes.

Mrs. H. J. Montgomery and Miss Hope West will compete in the soprano solo competition, while Miss Germaine Casey will be a competitor in the junior piano event.

## CENTRAL ALBERTA HORSE

The Red Deer News gives the following interesting review of military matters in Central Alberta. The military significance of the army naturally constitutes its chief importance, and a brief history of the militia in Red Deer will show the rapid development which has taken place. About six or seven years ago Red Deer first sent a troop (about sixteen men) to camp at Calgary as part of the 13th Light Horse to 1910 an independent Squadron (four troops or seventy-four men is all) was authorized at Pine Lake, and last year, 1912, both of these squadrons went to camp very near by full strength. Early in this year a new squadron was organized at Wetaskiwin, and at the same time the three squadrons were constituted into a regiment of cavalry under the name of the 35th Central Alberta Horse, with headquarters at Red Deer, and the squadrons designated "A", "B", and "C" in the order in which they are mentioned above.

The development outlined above appears very satisfactory on the surface, but the truth is that the Red Deer have to do better in a military way in the future than it has in the past if it wishes to justify its designation as a "military center." In 1911 only one troop of seventeen men went to camp from Red Deer and Pine Lake squadrons combined, and last year the Red Deer squadron drew in only 40. Allis and even as far as adid as Coroner. This year the authorized strength of the squadron has been increased from 74 to 98 which will make it a probable the largest squadron in the Calgary camp, if fully enlisted. The Coroner's troops have been dropped Allis will furnish perhaps 45 to 50 and Red Deer will have to supply about 60 men and horses or fail to "make good." The officers, we understand complain of a lack of interest among the young men, who are admittedly fitted to undergo military training and who ought to consider the opportunity of going to camp not only as a duty to their country, but as a privilege, and the training of a soldier has an educational value which makes it well worth any young man's while. There is the further complaint also that the employees of young men in the city are very loath to let them away from their "jobs" in order to go to camp. They are not sufficiently patriotic to put up with a little inconvenience for the necessary twelve days' absence of the man, or to take the trouble of making other temporary arrangements, in order to let the young man have the opportunity of learning some thing that may some day stand him and his country, his employer included, in good stead, should we happen upon strenuous times in defence of the Dominion or Empire. The employer or parent who encourages a young man to go to camp will in nine cases out of ten find him more efficient upon his return.

It is to be hoped that this year men, parents and young men will all realize that the credit of the city and the district is at stake and will co-operate to justify the confidence which the Government has placed in our loyalty, our manliness and our ability to "do the job." There is no part of Canada better able to raise and support an efficient squadron of cavalry than the Red Deer district. We have plenty of young men of splendid physique and lots of horses well adapted to the work.

When the new armories are finished they will afford the members of the squadron many facilities for healthy exercise and amusement denied the outsider, for example, a miniature rifle range will form part of the equipment of all the troops, and the titles will be given for such sports as fencing, boxing, wrestling and other military exercises and no doubt contests of various sorts will be held with the other squadrons of the regiment, and entertainments given in the way of assaults-at-arms. In order to make Red Deer "A" Squadron what is known to be, and to vindicate the choice of this city as regimental headquarters, it is hoped that all classes of residents of the district who can assist will co-operate to the fullest extent.

Edmonton, May 19.—There seems to be an epidemic of suicides in the city. Two would-be suicides are now on their way to convalescence in the city hospital, and the medical eyes of the city police. A third case occurred late this afternoon, a Fin-

**POSITION WANTED** by a young lady stenographer. Best references.—Address: Miss H. Atkins, Millet, Alta. 8-t.

**HOUSE TO RENT**.—Six rooms, also two bath and stable; apt water, well. Apply to Mrs. John Amher, 306 Railway St. W. Wetaskiwin Alta. 8-t.

**TENDERS** will be received for purchasing sixteen foot fire guard along line of R. C. between Calgary and Morley, Calgary and Strathcona, Lacombe and Coronation and Wetaskiwin and Hardisty. For plans and apply to Room 103, Red Deer or Address to W. J. D.

## Billousness

is certainly one of the most disagreeable ailments which flesh is heir to. Coated tongue—bitter taste in the mouth—nausea—dizziness—these combine to make life a burden. The cause is a disordered liver—the cure Dr. Morse's Indian Root Pills. They go straight to the root of the trouble, put the liver right, cleanse the stomach and bowels, clear the tongue and take away the bitter taste from the mouth. At the first sign of billousness take

**FEDERAL ESTIMATES GIVES WETASKIWIN \$270**

Ottawa, May 21.—When the house rose at 6 o'clock last night, Hon. T. White tabled the supplementary estimates for the current fiscal year. They call for an additional proposed expenditure of \$22,470,216. While this is added to the main estimates of \$179,132,135 it makes a total proposed expenditure of \$202,622,351, apart from railway subsidies still to be brought down.

For the first time in the history of the Dominion the estimates expenditure exceeds the \$200,000,000 mark, but the actual expenditure is likely to fall below that figure, as the money voted is never all spent in the fiscal year.

The apportionment for Alberta is as follows:—  
Athabasca, Landing, immigration hall, \$1,500; addition to public building, further amount required, \$2,000. Calgary, immigration building, further amount required \$5,000; accommodation for assistant receiver general \$50,000; Custer, public building, \$10,000. Edmonton, customs examining warehouse, \$100,000; Grand Prairie, immigration hall, \$5,000. High River, public building, \$20,000. Macleod public building, revote of \$30,000; added, \$90,000. Medicine Hat, public building addition, \$35,000. Red Deer, public building, further amount required \$30,000. South Edmonton, public building \$60,000. Vermilion public building, \$25,000. Wetaskiwin, public building, to provide for government share of cost for sewer and sidewalk, \$270.

I have just imported from Belgium (my old home) a fine selection prize winning Belgian Stallions and Mares, relations to the famous "Indigene du Fostean" who won four following years the championship at the Brussels yearly show. I am able to sell them at prices defying all competition, considering the quality of the animals, so that anybody who comes to see them will surely be induced to buy.

Sunday School and Bible Class 2:30  
p. m.

The Rev. R. W. W. Alexander goes  
to Sedgewick on Sunday June 1st on  
Rural Deanery Work and will be ab-  
sent two or three days inspecting all  
the Churches and Missions in connection  
with the English Church in that  
district. An Edmonton clergyman will  
conduct service during his absence.

Bishop Pinkham stopped off at We-  
taskiwin for sometime on Saturday  
last.

Robert W. W. ALEXANDER, B. A.

### PRESBYTERIAN

Services will be held on Sunday  
next at the usual hours 11 and 7:30.  
Sunday School at 2:30. On Sabbath  
morning the Segment of the Lord's  
Supper will be observed.  
Owing to the absence of the min-  
ister, who will be attending the Gen-  
eral Assembly in Toronto, the Pres-  
byterian congregation will unite with  
the Methodists in their services for  
the next few Sundays.

preaches both morning and evening  
on Sunday June 1st.

### NORWEGIAN LUTHERAN

Services next Sunday evening 7:30  
p. m. Everybody welcome.  
Rev. J. P. G. POSTVEDT

## DEMISE OF R. O. WATTS

The angel of death visited this dis-  
trict on Sunday last and removed  
R. O. Watts, after an illness of ap-  
proximately a week's duration. He was  
aged twenty-three years and one month.  
About a week ago the deceased was  
feeling poorly, and went to the We-  
taskiwin Hospital for treatment. An  
attack of appendicitis was diagnosed,  
and was discovered that he was suffering  
with a complication of spinal menin-  
gitis and pneumonia, and little hope  
was entertained for his recovery from  
the outset. About two months ago  
he came in from his farm, and pur-  
chased the Reynolds Garage, where  
he was doing a good business. He  
was of a quiet disposition, and had  
many friends, who exceedingly regret  
to learn of his untimely departure.  
He leaves a mother, who resides on  
the homestead near Bright View two  
miles, Lillian and Ethel, one brother,  
J. Joseph, and a half-brother, B. A.  
Graham.

Deceased was member of the Odd  
Fellows Fraternity, being a member of  
the Millie Lodge, and a member of  
the brotherhood of the Millie, were in at-  
tendance to pay their last respects to  
the departed, and the beautiful Odd  
fellows ceremony was read at the  
grave-side.

The funeral took place on Wednes-  
day forenoon, service being conducted  
by the Methodist church by Rev. A. R.  
Aldridge, B.A. The interment took  
place in the Wetaskiwin cemetery, and  
a large number were present to ex-  
press their sympathy to the bereaved  
relatives.

### BORN

CAMPBELL.—In Wetaskiwin, on the  
19th inst., to Mr. and Mrs. Chas. C.  
Campbell, a son.

DICKSON.—In Wetaskiwin, on the  
21st inst., to Sheriff and Mrs. Dick-  
son, a daughter.

LARSON.—In Wetaskiwin on the  
17th inst., to Mr. and Mrs. L. Lar-  
son, a daughter.

## EMPIRE DAY PROGRAM

As mentioned in last week's issue,  
Empire Day comes Friday the 23rd,  
and the High, Public and Separate  
Schools of the city are making ar-  
rangements to observe the day fittingly  
by assembling at the Alexandra school  
at 1:30 p. m., marching by way of Al-  
berta and Pearce streets to the  
square in front of the C.P.R. Station  
where a short program of addresses  
and patriotic songs will be given. The  
speakers are as follows:  
His worship, Mayor Walker, repre-  
senting the City.  
Mr. H. W. Manley for the School  
Board.  
Rev. Father Simard for the Sepa-  
rate School.  
Rev. A. R. Aldridge, B.A. represent-  
ing the Catholics.

The City Band has kindly con-  
sented to lead in the march and assist in  
the songs. The public is cordially in-  
vited to join in this celebration.

## DISTRICT COURT SITTINGS

Sittings of the district court were  
held at the court house here on  
Tuesday and Wednesday of this week  
with His Honor Judge Lees presiding.  
The following is the docket disposed of:

### LARGE DEBT

Lumkaev, Lepine.—The claim and  
counter claim were dismissed with  
costs. Loggie & Manley for plain-  
tiff, Burgess & McKay for defendant.  
Patric Manufacturing Co. v. Vart-  
nold.—Held over until next court  
day.  
Ward & Utas.—Adjourned until next  
sitting.  
Watt v. Cowan.—Settled out of  
court.

Bennell v. Knox and The Trusts  
and Guarantee Co.—This case was ad-  
judged and an order was made for  
reference to be made to the clerk of  
the court.  
Porter v. Grant.—Adjourned.  
Merchants Bank v. Krause.—Action  
for the collection of a note. Judg-  
ment for the bank with costs. Loggie  
& Manley for plaintiff; Knox for  
defendant.

### SMALL DEBT

Leitch v. Harris.—After hearing the  
evidence, the judge dismissed the  
claim and counter claim with costs.  
Loggie & Manley for the plaintiff;  
Harris for defendant.  
Green v. City of Wetaskiwin.—This  
was an action to recover \$10 for work  
done. Defendants had a counter claim  
of \$14.68. Judgment for defendants  
with costs.  
Shapness v. Tooley & Co. — Post-  
poned until next sitting.  
Atlas Lumber Co. v. Morstad. —  
Postponed until next court.

### ANNUAL DISTRICT MEETING

The annual District Meeting of the  
Wetaskiwin District Methodist Church  
convened at 8 o'clock on Monday evening  
May 19th and remained in Ses-  
sion the following day. There was  
a large attendance both of Ministers  
and Lay delegates and a good hope  
for the future was manifested in all the  
services. The District reports an in-  
crease in membership, and a growing  
interest in Sunday School and Ten-  
naraue Park. In spite of the severity  
of money a very creditable show-  
ing was made both for Local and Mis-  
sionary objects.  
Mr. P. Tracy attended on delega-  
te from Wetaskiwin. (Rev. J. D. Jen-  
nes of Hardisty and the Chairman of  
District will go to the Stationing  
Coh, which is called for Monday next  
at Medicine Hat, the seat of Confer-  
ence.

Mr. J. P. Fowler's name is am-  
ongst the Lay Delegates to Confer-  
ence and Mr. P. Tracy's as a reserve  
delegate.

### CHAPMAN-LUCAS WEDDING

A very pretty and popular wedding  
took place at the home of the bride's  
parents, near Wetaskiwin, on Wednes-  
day May 14th 1913, when Miss Ethel  
M. Lucas and Mr. Allen B. Chapman,  
were united in holy bonds of wedlock.  
The presence of a few friends and  
relatives of both. The Rev. Mr. Al-  
dridge officiated, and the bride's sis-  
ter, Miss Queenie Lucas acted as brides-  
maid while Mr. Chas. Gervais acted  
as best man. The bride looked  
lovely in a Champagne silk dress. At  
the ceremony, a bounteous sup-  
per was provided, after which there  
were music and singing. The happy  
couple were given many handsome and  
useful presents. We all join in ex-  
tending them our heartfelt congratu-  
lations.

### CARD OF THANKS

The undersigned wish through the  
columns of The Times to thank the  
many friends for their sympathy and  
assistance during the recent bereavement,  
and particularly the members of  
the Odd Fellows Lodge, who had  
charge of the funeral arrangements.  
Mrs. Watts and family.

We understand that Ramsay's  
Paints have been made in Canada for  
seventy years and in that time have  
been brought to the highest state of  
perfection for Canadian houses. When  
we paint let us have the best for our  
work and country houses. Ask us for  
Brook, Wetaskiwin, Alta. to show you  
Ramsay's Paints.

### CHATEL MORTGAGE SALE
